## Professional Liability Insurance

for PADI Canada Members  
(excluding Quebec)

**What do you want when you buy professional liability insurance?**

*Stability and consistency with excellent rates.*

*An experienced insurance team known in the dive industry.*

*Someone available to help you 24/7 through a toll-free hotline.*

Professional Service. Personal Care.

[www.barton.ca/group/padi\\_home.htm](http://www.barton.ca/group/padi_home.htm)

# You Want PADI-endorsed Professional Liability Insurance

## The Best Value in the Industry

Dive professionals who already carry PADI-endorsed Professional Liability Insurance know the policy offers broad coverage at excellent rates with:

- Exclusive coverages found nowhere else
- The security of a long-term commitment from an A XV rated Canadian carrier
- The ongoing benefit of no rate increase since 2002

## 24 hour Access to the Full-Time Risk Management Team

- 24 hour phone and fax access – even on nights, weekends and holidays
- Immediate access to legal counsel when needed
- Toll-free and available in Canada, the US and Mexico
- Assistance is only a phone call away

**Your assets and the money you must spend to protect them are more important than ever. With the PADI-endorsed Professional Liability Insurance you can expect stability, consistency, ease of renewal and value - for your protection and peace of mind.**

## Benefits of PADI-endorsed Insurance

*Don't be misled by others, be sure to check the fine print*

- **No general standards warranty**, so coverage is not subject to the insurance company's interpretation of general training standards.\* Does the policy you're considering include the following restrictions?  
"... the **Insured** shall ensure that all diver training activities comply at all times with current standards, procedures and policies."

*Would you find it fair to have an incidental violation of any 'standard, procedure or policy' used as grounds by the insurance company to void your insurance coverage after an accident? The list of coverage exclusions in the PADI-endorsed insurance policy is clear and precise – there is no guessing about your policy.*

- **No confusing, broad requirements for instructors** to judge the medical condition or fitness of student divers. Have you seen this requirement in other professional liability policies?  
"If the medical history form or the appearance of the student indicates any contraindication to diving the Insured shall require the student to obtain medical approval by a licensed physician based on medical examination prior to any in-water activities."

*How will the insurance company interpret this warranty after an incident occurs? Can training an overweight diver jeopardize your coverage? For your protection, the medical requirement for the PADI-endorsed program is clear and reliable, simply requiring the normal use of a Medical History Form.*

- **No additional charge for teaching** or supervising technical diving activities.
- **Coverage for discrimination claims** if you're sued for denying scuba instruction because you have medical or similar safety concerns for a prospective student- an exclusive benefit of the PADI-endorsed policy.
- **Defense costs** paid in addition to policy limits.
- **Optional equipment liability coverage** if you provide personally owned equipment to your student divers.

## Emergencies are personal – your insurance team should be personal too.

Not all insurance policies offer the same coverage or service. Take comfort knowing that you have coverage backed by a team of experienced professionals you know and trust. Year after year, the team of PADI and HUB International Barton Insurance have worked together to support PADI Members through the most challenging times.

*Your professional care insurance team member

### Additional Insureds Same as Last Year Attach Separate Sheet with New or Changes to Last Year.

1. No charge for Additional Insureds, however, all must be listed.
2. Entities such as dive stores, resort dive operators, dive boats, educational institutions, hotels, motels, resorts, pool owners (facilities), property owners, government entities and marinas must be listed on your application.
3. Entities other than those mentioned, when listed, will be reviewed by the insurance carrier; inclusion on your Certificate of Insurance will indicate that coverage is in effect.
4. List business relationship versus personal relationship; e.g., Bob Smith, pool owner not Bob Smith, father.
5. Instructors, assistant instructors, divemasters and retired instructors **may not** be Additional Insureds but must obtain their own insurance.

\*\* Divemaster Member/Assistant Instructor Assisting Only option provides coverage to Divemasters and Assistant Instructors ONLY while assisting insured instructors with classes.

† No coverage will be afforded for any Open Water Scuba Instructor who teaches any form of scuba diving or snorkeling during the policy period.

# EXCLUSIONS

## READ CAREFULLY BEFORE SIGNING APPLICATION BOX A OR B

---

**In addition to the specific exclusions contained in the policy, this insurance does not apply to:**

X) Any claim arising out of any "occurrence" in which the insured knowingly permitted the uncertified student involved in the claim to leave the immediate area during in-water instruction without supervision and the attendance of an instructor or a certified assistant.

Y) Any claim arising out of any "occurrence" in which the insured left or permitted the uncertified student involved in the claim to be unattended during in-water instruction and/or testing.

Z) Any claim arising out of any "occurrence" involving a recreational training or supervisory dive conducted by an insured that is planned for depths greater than 40 meters/130 feet; planned with mandatory stage decompression (safety stops are acceptable); or planned using gas mixes other than compressed air, or enriched air unless all students are previously certified divers or are participating in an open water diver course with an enriched air training option.

This exclusion (Z) does not apply to any insured when Technical Diving coverage is indicated on the insured's certificate of insurance.

AA) Any claim arising out of any "occurrence" involving a technical training or supervisory dive conducted by an insured that is planned for depths greater than 80 meters/265 feet; or planned using gas mixes other than compressed air, enriched air, oxygen, or trimix.

BB) Any claim arising out of any "occurrence" in which the insured failed to obtain a medical history form completed by the student involved in the claim, prior to in-water instruction; and in the case of a minor, the failure to have obtained the minor's parent's or guardian's signature on the medical history form. Furthermore, this insurance does not apply if the medical history form indicated any condition contrary to safe participation in diving activities, and the insured failed to require the student to obtain medical approval (based on a medical examination) by a licensed physician, who is not the student, prior to in-water instruction.

CC) Any claim arising out of any "occurrence" during a training dive in which the insured had not first obtained from the student involved in the claim a signed release of liability/assumption of risk form developed or approved by the certification organization through which the training was offered; and in the case of a minor, the failure to have obtained the minor's parent's or guardian's signature on the form.

DD) Any claim arising out of any "occurrence" during a technical training dive in which the insured had not first obtained from the student involved in the claim a signed release of liability/assumption of risk form developed or approved by the certification organization through which the technical training was offered, specifically stating that the student acknowledges that the training involves technical dive training.

EE) Any claim arising out of any "occurrence" involving scuba instruction provided by the insured to a student under the age of ten (10), except for courses taught in confined water (e.g. swimming pools), which may be offered to anyone age eight (8) and older.

FF) Any claim arising out of any "occurrence" involving instruction in which the insured instructor and/or Dive Center/Resort Operator has not maintained records for the purpose of recording the progress of the student involved in the claim.

GG) Any claim arising out of any "occurrence" involving instruction in which the insured instructor and/or Dive Center/Resort Operator has not maintained records for the purpose of evaluating the understanding of the instructional material by the student involved in the claim.

HH) Any claim arising out of any "occurrence" involving instruction in which the insured instructor and/or Dive Center/Resort Operator has not retained all records relating to the individual student involved in a claim, for a minimum of five (5) years.

II) Any claim arising out of any "occurrence" involving the insured's conduct of an introductory experience program (any program designed to introduce uncertified divers to recreational scuba diving via a supervised, controlled open water dive experience) that was not in accordance with Recreational Scuba Training Council (RSTC) standards. This exclusion does not apply to confined water-only experiences being conducted by properly certified divemasters, assistant instructors and instructors.

# Frequently Asked Questions

## **Does my PADI-endorsed insurance cover me if I am teaching or supervising technical diving activities?**

If you select the Tec Rec endorsement and submit technical credentials, the endorsement covers you for your technical activities in accordance with the Terms and Conditions of the TecRec Endorsement.

## **Does my PADI-endorsed insurance cover me if I am teaching students through another certifying agency?**

Yes, and there's no need to list the other certifying agency for this coverage to be in place. Your policy covers you for your activities while supervising and training divers in accordance with the Terms and Conditions of the policy, regardless of the certifying agency through which you are training your students. And, since the certifying agency has its own policy to provide coverage for its activities – setting the standards, developing educational materials, etc. – there's no need to list the certifying agency as an additional insured.

However, PADI does not sanction the activities of the instructor who accepts the Universal Referral completion form and issues a certification (through any certification organization) for students whom he has not personally conducted the open water training dives.

NOTE: If conducting training through another agency, you must have students sign a liability release developed or approved by that agency.

If conducting open water introductory experience programs, the programs must be conducted in accordance with Recreational Scuba Training Council (RSTC) standards.

## **Does my PADI-endorsed insurance cover me while conducting referral dives?**

Yes. There is no exclusion for conducting the open water training dives for a student diver who has completed academic and confined water training with another instructor or certification agency.

## **I won't be teaching again until after the first of the year, why must I renew my insurance?**

By not renewing, you will have a gap or lapse in your insurance and will not have coverage for any "prior acts". This means if a student makes a claim against you for a wrongful act that occurred prior to your gap or lapse in coverage, then you would not be covered for this student's claim. This would be a "prior act".

In addition, the insurance you are purchasing is a "claims made" policy, requiring you to have insurance at the time of a claim. For example, you certified a student in 2004 and your insurance expired in June 2005. You obtain insurance again in January 2006, however, your student has an incident in October 2005 and files a claim against you. You will not have coverage for this claim because you did not have insurance at the time of the incident and since you had a "gap" in coverage, you will not be covered for any acts prior to January 2006.

***It's important to maintain continuous coverage even if you won't be actively teaching for a while. We strongly recommend you purchase the non-teaching or retired protection.***

## **As a Divemaster assisting an insured instructor with classes, am I covered under the instructor's professional liability policy?**

No. Divemasters, assistant instructors, instructors and retired instructors may not be Additional Insureds on the instructor's policy, but must obtain their own insurance policy. Divemasters in training are covered under an insured instructor's policy.

Divemasters, Assistant Instructors and Instructors may be covered under a dive store/resort's Instructional Policy purchased by the store/resort. In this instance, the individuals are insured only while involved in the facility's teaching and supervisory activities.

## **Am I covered for teaching Emergency First Response (EFR)?**

Yes. The policy specifically includes this. Although insurance is not specifically required for the teaching of CPR and other such courses, since EFR courses are sanctioned by PADI, they are covered, subject to the terms and conditions of the policy.

## **Regarding the equipment liability coverage, can I rent the equipment to other instructors? Is there coverage for theft?**

No. The equipment liability coverage applies to personally owned equipment and only while used in the instructor's own classes. There is no coverage for theft or physical loss or damage of equipment under this policy. You can also purchase liability coverage for equipment used when supervising certified divers.

## **If I apply on the website or fax my application, do I need to mail the original as well?**

No. Please do not mail a duplicate application. When duplicate applications are received it is possible that the credit card will be charged again when the second application is received.

## **How do I know when my coverage is effective?**

Your policy is effective on the date your completed application and correct premium payment is received by HUB International Barton Insurance and approved by the insurance company. A Certificate of Insurance will then be issued and mailed to you. PADI is automatically notified that you have purchased insurance.

## **Can I upgrade my status during the policy period?**

Yes. If you purchase Divemaster insurance and subsequently become an Instructor, or you purchased the Supervisory or Retired insurance and want to begin teaching again, you can upgrade by paying the difference in premium.

## **Is there a refund if I decide to cancel my policy?**

No. The premium for professional liability insurance is fully earned when you purchase the coverage. This means there is no refund. We recommend you keep your policy in force, even if you stop teaching, so that you are protected if a claim is made after you stop teaching.

## **My application was returned to me. Am I still covered?**

No. Coverage is not effective until the completed, signed application and correct premium are received by HUB International Barton Insurance and approved by the insurance company. The following are the most common reasons that applications are returned:

- Premium payment is incorrect or insufficient.
- Application is not signed on both pages.
- The application is not legible.
- PADI membership is not current.
